## Balloon gas/helium cylinders

We offer an extensive range of balloon gas cylinders to suit your needs. There are 3 standard sizes from small to large, known to us as the 'V', the 'T', and the 'L'. All of our high pressure cylinders come with a standard filling kit to ensure that you can regulate the gas flow to a usable level.

Product	Size	Cylinder Volume	Current Price	New Price for LP custs	Monthly Rental
Balloon Gas	V	1.81 m3	£ 97.10	<b>£ 58.26</b>	£ 3.84
	T	3.60 m3	£ 138.15	<b>£ 82.89</b>	£ 4.23
	L	9.00 m3	£ 210.95	<b>£ 126.57</b>	£ 4.23

To work out the size of cylinder you require, you need to answer a few simple questions:

- What size and type of balloons do you want to use?
- How many balloons do you want to inflate?
- Using the table below, you can determine the size and number of cylinders you will need.

Note: the charts below show the approximate number of balloons filled. Numbers will vary according to balloon manufacturer and shape
